

Rachel Hein
PHOTOGRAPHY

Relaxed and natural wedding photography

I love to capture the emotion and drama as the day unfolds and I'll be looking out for the candid moments, interactions and details that will tell the story of your wedding day through beautiful, natural photography. My approach is relaxed and candid, using natural light wherever possible.

Rachel is lovely and so are her photos! We were lucky enough to have her at our wedding ceremony and she did a great job and was very discreet during the quiet service. I am not one for loving getting my photo taken but Rachel is so easy going that it put me at ease and made things much more relaxed and fun. Our meeting before hand was good and she took exactly the range of pics we asked for. We had our edited photos very quickly and my husband and I were very chuffed with the results. A very personal, trustworthy, brilliant service. I need to find more occasions to hire her!

KATE & CHRIS

Thank you so much for everything. It was such a pleasure, you made everyone feel so at ease and our photos are just incredible! Fun, bright, relaxed and so colourful - exactly what we wanted!

ANNA & NIALL

What fabulous pictures – Rachel did a brilliant job capturing the light and the colours, but especially the smiles! Even the normally camera-shy people (and there were quite a few in that crowd) beamed without pause. Fantastic pictures, that completely match up to the fantastic day we all had. A wonderful record of memorable moments.
